

ADS SKY PROFIT

Parts Pricing Enhancement

Sky Profit allows dealers to price parts based on their VALUE independently, sales calculations are coded into each part number, no more additional sources, price codes or price tables, simply one price structure for all retail sales.

Improve gross performance on captive parts at the same time improving the high price image that most dealers have on low cost competitive parts.

High gross MSRP parts can be escalated LIST PLUS, standard and lower gross MSRP parts can be escalated COST PLUS based on captive value, NOT CONTROLLED JUST BY THEIR COST OR LIST, CONTROLLED BY YOU!

SKY PROFIT is a powerful tool with many benefits, making parts pricing simple, custom reporting features allow managers to focus on and fine tune the parts that SELL.

Flat sell price averaged service menu parts, MSRP to be competitive all with unlimited levels of cost and list price escalation! Improve your gross profit, your price image and at the same time have more control of sales gross keeping your dealership tuned to your market!

21st Century Solutions for 21st Century Dealers

Without question the web is clearly THE marketing tool in the 21st Century; many dealers do not have access to a qualified IT professional or BDC. Leverage the power of the web to sell more cars for less with ADS and Dealermade! "Drive the web", for all your information technology needs ADS is a professional IT solution every dealer can afford!

Give ADS a call and let us help you find a new approach to the current business environment; a very sincere thanks to all of our past, present and future dealer partners!

Technician Online Training

Modern Automotive Service Technician

MAST, the online class from dti Publishing provides the important foundational knowledge including ASE Certification preparation. The course is top notch and ADS provides 24-7 level one support and guidance to every student.

Students work in the shop during the training period gaining the required experience and producing revenue for the dealership. After the student completes the ASE certification and the manufacture required training you have a very well trained productive technician reducing your cost of labor.

Improve your standing in your market, your CSI and control your cost of labor, HOW? Simple, grow your own well TRAINED highly qualified productive technicians!

INVEST IN YOUR FUTURE TODAY!

Service Sales Training

Service sales people are the most important sales contact in any dealership, why? Simple, they interact with your customers more often during the ownership cycle than anyone in the organization.

Should you get professional training for your most important sales people? We think so! Many companies offer training programs and most do a good job, so what is different about ADS Live On The Drive?

An Alternate Approach

Proven best practice concepts are brought to your dealership by experienced Service Sales Professionals, who walk the walk and talk the talk! We coach your management team, evaluate your sales team, provide your management team with proven reward options to reinforce the concepts and reward individual performance. Most importantly we get results that last!
